Year-End Report

Dear Ones in Christ,

Many of the Lord's servants around the world are rejoicing because of your love and concern for their work done through the power of Christ Jesus in them. Below is a short summary of a few of these events:

Israel-Support is being provided that allows for the protection of both Jews and Messianic Christians on the border areas of Israel. Pray for the safety of Messianic Christian Communities who are sheltering their Jewish neighbors. **(410 ISM)**

Ukraine-Bibles, food, evacuations, and building repairs have saved lives literally as well as souls of many during the war. Churches are packed. Pocket testaments have stopped bullets and the word of God preached and read has changed those who all their lifetime wandered in sin and hopelessness. **(368GSM)**

Afghanistan-There are a few refugees remaining in UAE, and we are working to have them reach other nations where they can resume some kind of normal life. Hundreds of others (Muslim Background Believers, women politicians, and others) have already been resettled. Many were left behind and continue to hide from the Taliban. **(460 REF)**

Sudan-Several Christian families have been on the run for over 6 months from Islamists. During this period funds were provided for security and safe houses. In recent days, the Lord has safely delivered them across the border into northern Kenya. There are several ongoing extractions that need assistance in Pakistan and North Africa. **(500 RES)**

Ethiopia-A Christian Ethiopian family is being sheltered from hostile elements in the U.S. Hopefully, in the coming days, employment opportunities will open to allow them to work and provide for themselves. Without the help of a local church and 24:14 World, they could have come to harm. **(515 RLF)**

Nigeria-Support is continuing to provide for 5 Boko Haram girls who were able to reach the safety of the U.S. Support is being provided for their educational and health needs. **(550 BHG)**

Iran-Work continues to provide copies of Persian Bibles and New Testaments for house churches in this troubled nation. The Holy Spirit is drawing many to a living faith in Christ Jesus through the publishing of His Word. Today, the churches in Iran and Afghanistan are among the fastest growing in the world. **(305 ELAM)**

Kenya-Material supplies and motorcycles have been provided for a ministry working in the far northern regions on this nation. New churches are being established among the nomadic tribals groups. **(572 CEM)**

Island Nation in the India Ocean-In this nation that is 99.99% Islamic, there are several house churches meeting to worship and grow in the love and knowledge of Christ Jesus. Quietly, some assistance is being provided to encourage and strengthen these brethren. They rejoice that Christians outside their nation are standing with them and that they are not alone in their work. **(572 CEM)**

Egypt-Bibles and Christian literature have been provided for a native mission working in ten nations of Africa. **(408 SLW)**

Liberia-Petals of Hope International provides a classical Christian education in a safe and secure environment for girls and boys. In the public school system, the girls are often subject to sexual exploitation by male teachers. Provisions are needed for day-to-day operations of the school. **(532 PHI)**

Mauritania-A vehicle was provided to transport children of Muslim Background Believers (MBB) to a school where children will be taught – free from being forced to embrace Islam. **Update:** Today 21 house church leaders are in prison for their faith. A government official has visited the prison and given them an opportunity to return to Islam. All chose to be faithful to Christ Jesus. All are subject to execution; others are being hunted. **(504 MSY)**

Pakistan-Help is continuing to be extended to Afghani refugees (Muslim Background Believers) who found safety in this country. Financial support is provided for the salaries of teachers in Christian schools. Children attending the schools are from the bonded laborers' communities, many of whom are Christians. Bonded laborers are little better than slaves. **(470 SFA)**

Mexico-Declaring the gospel across the northern region in areas full of drug traffickers and armed militias, these brave native missionaries are working faithfully. **(150 ELC)**

India-Persecution is on the rise across the sub-continent, but especially in the Northeast region. Even in the midst of this suffering, the church continues to grow and stand strong in the face of these terrible assaults and abuses. 24:14 World is also serving ministries bringing the Gospel to Muslim communities across the nation. **(601 MHM)**

Nepal-Several mission leaders were able to receive timely medical intervention that helped them recover. As with India, the churches in Nepal are experiencing an increased level of persecution, but they remain faithful to the Lord Jesus. **(702 MSY)**

Bhutan-God is at work in this closed Buddhist nation. In the face of many challenges house churches are being planted across this mountainous region. **(706 BMO)**

Thailand-Hope House continues working to educate and provide a safe spiritual environment for their children to grow in the Lord Jesus. Without this house the girls and boys most likely would have been subject to sexual exploitation. **(720 HHT)**

Philippines-Kalungan is a ministry that seeks to rescue children from the streets of Manila where they are targets of both foreign and local pedophiles that feed on their bodies and souls. As funds are available, children are moved to a safe spiritual-affirming environment where they are exposed to the love of Christ Jesus. **(801 KEM)**

Indonesia-24:14 World is supporting two ministries that are working among a number of unreached people groups. Each ministry is actively training the next generation of missionaries. **(750 PLT)**

China-The churches in China are facing a level of persecution from the Chinese Communist Party not seen since the Cultural Revolution. Even officially recognized churches are being closed. The only recognized religion in China today is the **Communist Chinese Party. (900 CHNM)**

United States-Work among international students in the State of Virginia, with special emphasis on the Indian foreign students in Northern Virginia **(600ROM)** and the Chinese in Central Virginia. **(097MMT)**

Pray and consider providing a special year-end gift that can be shared with a specific ministry or generally with many of them. If you can consider including 24:14 World in your annual QCD distribution, it will bless many. Thank you for praying and standing together with the Body of Christ working on the cutting edge of world evangelization.
